

INNOFUTURE BRIDGE 2026

NOMAGO

STARTUP PITCH

THE FUTURE, IN HOURS — NOT YEARS

At the **InnoFuture Bridge 2026** conference, we are not looking for startups that follow trends. We are looking for those who create them.

In November 2026, six selected startups will get the opportunity to step onto the stage of one of the boldest, most technologically advanced and most relevant conferences in Slovenia. In front of an audience of investors, business leaders, technology visionaries and creators of the future, they will present ideas that can change the way we live, work and think. Applications are open from June 17 to September 17 2026.

And the biggest opportunity comes after the pitch.

MAIN PRIZE?

CES LAS VEGAS 2027

The winning startup will travel to Las Vegas for CES, one of the most influential, futuristic and exciting technology fairs in the world. It is where global trends are created, major partnerships are formed and the future becomes reality for the first time. All selected startups will also receive a free annual membership (SMALL BUSINESS) to AmCham Slovenia for 2027.

WE ARE LOOKING FOR:

- AI visionaries
- deep tech pioneers
- startup teams with a bold idea
- solutions in the fields of artificial intelligence, digital technologies, automation, cybersecurity, mobility, the future of work and new user experiences
- teams that solve real challenges of the future

WHAT CAN YOU GAIN?

SIX SELECTED STARTUPS WILL RECEIVE:

3-minute pitch at the InnoFuture Bridge 2026 conference.

Presentation in front of the business, technology and innovation community.

Media and promotional exposure.

The opportunity to win the main prize, a visit to CES Las Vegas 2027.

WHY TAKE PART?

Because it is rare to get the opportunity to:

- pitch in front of people who are shaping the future
- present your solution to the most innovative community in the region
- and then find yourself in Las Vegas, surrounded by the most revolutionary technologies in the world

**THE FUTURE DOES NOT WAIT!
APPLY NOW!**
